Mountain Climbing Succeeds Stump Speeches.

Presidential Candidate Takes Vacation in Colorado.

THIS STATE FRIDAY

Has Completed Four Weeks of 14 Weeks' Campaign.

On Jaunt, Mr. and Mrs. Hughes Dismiss Guards.

Estes Park, Colo., Aug. 28.-Governor Hughes and Mrs. Hughes had their first taste of mountain climbing at Estes Park today. They automobiled to within two miles of Bear Lake and Flat-Top mountain and then, absolutely alone save for a guide, ambled watts—"Wedding of the Winds"... Hall on to Bear Lake, a trifle under 10,000 Patrol—"I'm on My Way to Dublin Bay" Lampe and Flat-Top mountain and then, abso-rder for vacationists-brilliant skies with just enough tang in the air to make it bracing. When the newspa-per men saw the candidate immediate-ly upon his arrival he laughingly re-marked to them that he hoped not only to forget their presence but to forget all about politics until Thurs-day.

Clear Out of Limelight.

Gige Park Street Car.

He starts again on the fourth week of a fourteen weeks' campaign tour. Thursday, speeding back thru Kansas. Not only did he ask the newspaper men to fegard him as completed yout of the limelight, but he dismissed his two personal bodyguards. One thing which both the governor and Mrs. Hughes are enjoying as much as the rest is the complete freedom from pushing, scrambling and cheering crowds and being constantly under the watchful eyes of the bodyguards.

The crowds and the cheering are bleasant but once in a while the candidate and his wife like to get close to nature—and they were certainly doing that today. They stalked around the valleys and foothills and mountains and villages nearby without any guides and the residents of Estes Park, respecting their desire to rest and privacy, greeted them just as they would greet other sejourners in the park. That means everybody speaks to everybody else, whether they have been introduced or not.

TO PATCH IRISH PEACE

Makes War on Germany Because It Aids Austria.

Nationalists and Unionists May Get Together on Settlement

London, Aug. 28.—Strong efforts are to be made during the parliamentary recess for resumption of negotiations for settlement of the Irish question, acording to reports in Irish political circles. It is understood both the unionists and nationalist leaders are inclined to regard these efforts sympathetically.

Rome, Aug. 28.—Italy declared war on Germany because Germany sent both land and sea forces to the aid of Austria, enabling her to concentrate her maximum efforts against Italy, said an official statement issued here today. A similar statement was forwarded to the Germany statement was forwarded to the forwarded to the Germany statement was forwarded to the forwarded to the forwa

Austria, enabling her to concentrate her maximum cff.rts against Italy, said an official statement issued here today. A similar statement was forwarded to the German foreign office thru the Swiss povernment, setting forth the reason for the declaration of war yesterday.

Excepting the capture of Goritz, no Excepting the capture of Goritz, no event of several months has so stirred flaly's challenge are to set to see the set of the plot to kidnap Edward R, Harriman, 20, son of the late railroad magnate and to hold him for \$100,000 ransom, were revealed to the author-like today by Marion A. Lufkin who amilia treats, shouting "Down with Germany" and "Long live the allies," until midnight.

Confiscate Austrian Psisce.

The decision of war against Germany followed by but a few hours a royal decree confiscating the historic Palazzo di Venezia, which for centuries had constituted virtually an Austrian province in the heart of Rome. The Palazzo, a square of land with two ancient palaces, was the property of the pope, but in 1550 was presented to the republic of Venice by Pope Plus IV. It later came into the possession of Austria and was the home of the Austrian embassy. The embassy documents were sent to the vatican for safekeeping.

TODAY'S MARKET REPORTS.

ate. 84c.C taoin taoin taoin taoinaoinaoin Chicago. Aug. 28.—WHEAT — Wheat prices broke as much as 814c a bushel today chiefly as a result of a declaration of war by Rumania. The prospect of a general rallway strike in the United States formed an additional element in depressing the market but by far the greater part of the manmoth sales that were wimessed came about owing to the assumed chance of a quicker conclusion of the European war. It was also inferred that the entrance of Rumania would favor the opening of the Dardanelles and the release of Russian wheat to compete with supplies from American. Opening wheat prices, which ranged from ic to 84cc lower, were generally the lowest reached with September at \$1.45 to \$1.49 and December at \$1.45 to \$1.49 and December at \$1.45 to \$1.49 and December at \$1.45 to \$1.52. Subsequent rallies lifted the market 3c to 34cc from the bottom. Renewed weakness followed country selling, especially widened out and support lessened from shorts who had been taking profits. The close was excited owing to word that fighting had already taken place on the Rumanian frontier. Final prices were 9%c to 114c net lower with September at \$1.40% to \$1.40% and December at \$1.40% to

tBy special wire to T. J. Myers. Columbian Building.

Minneapolis received 239 cars and Duluth S9 cars of wheat todey, compared with 246 cars and 75 cars a week ago and 216 and 18 cars a year ago.

Exports from the United States and Canada today were 559,000 bushels of wheat, 21,000 barrels of flour, 59,000 bushels of corn, 355,000 bushels of oats; wheat and flour combined, 694,000 bushels, wheat and flour combined G94,000 bushels wheat and flour combined from Strong City, Kansas, says; "A limited area of bottom land between the control of the care. South of Strong City to Abliene corn has fired white and is being cut for fodder. Weather is hot and dry.

A message from Calgary, Alberta, states that in that district and south from Edmonton heat and oats were generally in good condition but somewhat late. The greater part of the oats are not yet headed out and wheat will not be ripe before September 15. If the crops escape frost, which at the present time would do great damage, the yield will be all that was expected.
